## OBJECTIVE

---

Aspiring Web Developer skilled in React, JavaScript, and Node.js. Passionate about building scalable web applications and eager to contribute to impactful projects in a full-time role while growing as a developer.

## EDUCATION

---

**Bachelor of Computer Science**, Lords Institute of Engineering & Technology Expected 2027  
Relevant Coursework: Data Structures & Algorithms, Web Development, Python Programming, Version Control (Git & GitHub), and Streamlit for Web Apps.

## SKILLS

---

<b>Technical Skills</b>	HTML, CSS, JavaScript, React, Python, Git and GitHub, Streamlit, Supabase, Node.js
<b>Soft Skills</b>	Problem-Solving, Team Collaboration, Communication, Adaptability, Time Management.
<b>Tools and Technologies</b>	Figma, Ollama, Langflow, NeonDB, GenAI APIs, AstraDB, Streamlit, REST APIs

## EXPERIENCE

---

**AICTE Internship on AI: Transformative Learning** Nov 2024 - Dec 2024  
Microsoft & SAP - AICTE *Remote*

- Built and hosted a data analysis project, Identifying Shopping Trends, using Streamlit.
- Analyzed shopping patterns using AI and data visualization techniques.
- Participated in mentorship sessions with Microsoft & SAP industry experts.
- Gained hands-on experience in AI technologies through project-based learning.
- Earned certifications from Microsoft, SAP, and AICTE upon successful project completion.

## PROJECTS

---

**PayLoop – Subscription Payment Tracker.** Built with Node.js, Express, and MongoDB, featuring JWT auth, rate limiting, bot protection, and email automation. Helped 40+ users track recurring payments with smart reminders and a secure backend. ([Try it here](#))

**SensAI – Your AI-Powered Career Companion.** Built a full-stack AI platform for personalized career growth, featuring learning paths, real-time interview simulations, resume tools, and job search — all in one system with role-based access and progress tracking. ([Try it here](#))

**InfoZap – AI Data Scraper.** Developed a real-time web scraping platform using Python, Streamlit, and Ollama, enabling AI-driven data extraction and analysis. Processed 100+ web pages with 95% accuracy, optimizing data retrieval speed by 40%. ([Try it here](#))

## EXTRA-CURRICULAR ACTIVITIES

---

- **Lead Manager, Mobile Application Developer Club** – Led initiatives, mentored peers, and organized events.
- **Open-Source Contributor** – Contributed to programs like Hacktoberfest, VSoC, WOC and GSSOC
- **Social Impact Developer** – Worked on tech projects supporting NGOs and community-driven causes.

## LEADERSHIP

---

- **Hackathon Leader** – Led multiple teams across Hackprix, SIH, Bhasha Bhandhu, and more, driving innovation and delivering impactful solutions in high-pressure environments.
- **Project Expo 2K24 Winner** – Guided the team to victory with a standout project.
